## Product description

The e-Box IV motorized mobile stand can support displays up to max. 105" (in 21:9 format) with max. VESA 800x600. With 65cm / 25.6" of smooth height adjustment, the display can be positioned at the ideal height for the audience and the presenter. The open design wheelbase allows easy access to the display screen and allows access for people in wheelchairs. Four sturdy 10cm / 4in double caster wheels ensure easy maneuverability over various flooring surfaces and through doorways, while adding extra stability. There are a range of accessories for the e-Box IV to promote greater usability, such as whiteboard side panels, laptop shelves, camera brackets, etc.
