e-Box Tilt & Table adapter set

General Warnings

Read and understand this manual and supplied safety documentation before installation. Failure to read and understand all instructions may lead to, but is not limited to, the following safety risks: serious personal injury, damage to equipment.

Use only the original mounting parts supplied with the system and do not use non-recommended attachments.

It is the installer's responsibility to make sure the combined weight of this adapter set (5kg - 11lb) and all accessories, equipment and panel attached to the Tilt & Table does not exceed the maximum load of 100 kg / 220 lb. Do not exceed the maximum panel size of 75 inch. The height adjustable feature of this product will not function correctly if the maximum load is exceeded, more importantly: overloading may cause instability and tilting of the product, resulting in possible serious injury, or death.

When the symbols below are used in the assembly steps they signify the following:

Warning specified by the supplementary sign/note

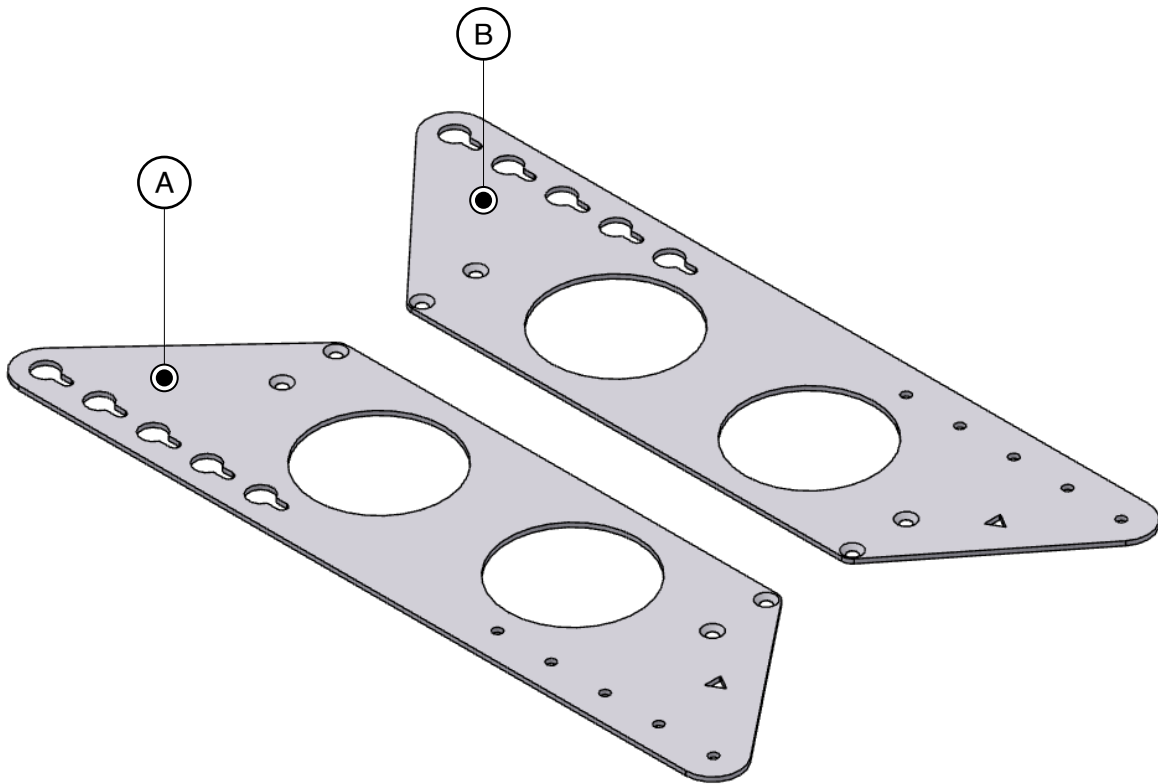

Read and follow the instructions in the referenced manual
